

TRAINING — QUARTERBACK PROGRAM

For QBs needing faster reads + tighter ball control.

Built to improve pre-snap scanning, post-snap processing, footwork rhythm, and throwing accuracy under visual load.

**Using strobe glasses. If you don't have any you can blink quickly and consistently or purchase here:

Code: Shahneurovision (10% off)

BASIC LEVEL

Strobe Setting: Level 1–3 (both lenses or lower-lens flicker)**

Warm-Up

Soft → Hard Focus (10 reps)

Vertical + Horizontal Saccades (10 reps each)

Ready-Hands Quick Taps (20 seconds)

READING + SCANNING DRILLS

1. 3-Point Scan Pattern

Coach points to LEFT → MIDDLE → RIGHT lanes using numbered or colored cues.

QB must identify lane and tap chest to confirm—eyes stay calm under strobe flicker.

12 reps

2. Coverage Flash Cards

Coach flashes card numbers, colors, or symbols for 0.5–1 second.

QB calls it instantly → builds rapid visual encoding.

10–12 reps

3. Pressure Vision (Simulated Rush)

Coach or teammate walks/jogs toward QB from blindside.

QB must maintain downfield gaze while sensing movement peripherally.

8–10 reps

FOOTWORK + THROWING DRILLS

1. Dropback Timing (1-3-5)

QB performs 1-step → 3-step → 5-step drops with eyes locked forward.

Focus: head stability + early shoulder alignment.

3 rounds

2. Shuffle → Throw

QB shuffles laterally with ball; coach says “SET!” → QB plants and fires to target.

Strobe forces early ball prep + stable release.

10–12 throws

3. Off-Platform Throws

QB rolls LEFT / RIGHT and throws without resetting feet fully.

Goal: maintain accuracy under disrupted visual timing.

8 per side

TARGETING DRILLS

1. Moving Target Lead

Coach walks across field holding a hand target.

QB must lead the target correctly under strobe disruption.

10 throws

2. Depth Drops

Coach alternates short → medium → long targets suddenly.

QB must adjust arc without changing mechanics.

12–15 reps

3. Window Throws

Coach holds up narrow target zones (cones, hoops, or pads).

QB throws with emphasis on precise ball placement while eyes stay quiet.

10–12 reps

REACTION + DECISION DRILLS

1. Color Decision Throw

Coach holds multiple colored cones.

QB throws to the cone color called at the last second.

12 reps

2. Late-Trigger RPO Read

Coach stands in mesh lane with 2 cues:

- **RUN** = QB tucks it
- **PASS** = QB fires to quick target
Cue happens at last instant → rapid decision training.

10–12 reps
