

TRAINING — TENNIS PROGRAM

For players needing faster reads + cleaner contact.

Built to improve tracking, split-step timing, racquet prep, and depth perception under visual load.

*Using strobe glasses. If you don't have any you can blink quickly and consistently or purchase some here:

Senaptec Strobes:

Code: Shahneurovision (10% off)

BASIC LEVEL

Strobe Setting: Level 1–3 (both lenses, steady or lower-flicker)

Warm-Up

Soft → Hard Focus (10 reps)

Vertical + Horizontal Saccades (10 reps each)

Racquet-Ready Reaction Taps (20 seconds)

TRACKING DRILLS

1. Mini-Rallies (Short Court)

Coach/player rallies mini-tennis with reduced speed.

Focus: early racquet prep + head stability.

20–30 hits

2. Bounce Height Reads

Coach drops or feeds light balls; athlete calls “HIGH / MID / LOW” on bounce height.
Great for depth + timing calibration.

10–12 feeds

3. Floating Ball Tracking

Coach tosses high floaters; athlete tracks ball long and meets it out in front.

10–12 reps

FOOTWORK + CONTACT DRILLS

1. Split-Step → Forehand / Backhand

Coach cues “FOREHAND / BACKHAND” right after bounce.
Athlete must react off split-step and strike clean.

10 per side

2. Lateral Shuffle Rally

Athlete shuffles side-to-side while rallying with coach.
Goal: maintain balance and vision stability under strobe disruption.

20–25 hits

3. Inside-Out Footwork Control

Coach feeds to outer lane; athlete steps around and hits inside-out forehands with consistent contact point.

10–12 feeds

RECEIVING DRILLS

1. Transition Volley Control

Coach feeds low-volley → mid-volley → high-volley sequences.

Athlete maintains soft hands without stabbing.

12–15 reps

2. Reactive Overheads

Coach throws lobs; athlete tracks ball early and executes controlled overheads.

Focus: quiet eyes + big shoulder turn.

8–10 reps

3. Approach + Catch

Coach feeds short balls; athlete approaches, catches ball with hand (no racquet), then resets.

Trains hand–ball timing before adding racquet complexity.

10–12 reps

REACTION DRILLS

1. Multi-Speed Feeds

Coach alternates slow → fast → slow → fast balls.

Athlete keeps same mechanics regardless of speed.

15 feeds

2. Color-Call Contacts

Ball is marked with colored dots.

Athlete calls the color immediately after it leaves the coach's racquet.

10–12 feeds

3. Quick-Hands Volley Burst

Strobe 2–3; rapid-fire volleys.

Athlete must stabilize head and react with compact movements.

15–20 volleys
